

Partner Sandbox Environments

Learn, develop, test and demo end-to-end scenarios at a discounted price

Grow your business with Dynamics 365 Business Central environments specifically designed for partners

- Take advantage of Dynamics 365 Business Central, **non-production environment** designed specifically for partners to purchase at a discount.
- Use these fully supported non-production environments to learn, test, and deliver **end-to-end customer demos of your solutions**.
- Leverage **tenant-based discounted SKUs** that are strictly meant for use only on the partners' tenant.

These are unique, additive offers to your existing MPN IUR benefits. MPN IUR benefits are not impacted.

Differentiate your practice with cost-effective access to Dynamics 365 Business Central

Learn

Improve your team's skills with hands-on learning within the Dynamics 365 Business Central. Access to the sand box environments enables deeper knowledge of the products so your team can develop effective customizations and customer demos.

Dev/Test

Build custom solutions and perform testing in a non-production sandbox environment. The SKUs allow you the flexibility to build just as you would for your customer and complete the necessary testing. All of this happens in your tenant.

Customer Demos

Differentiate your services by creating and delivering end-to-end customer demos with your own solutions. You have the flexibility to determine which SKUs you need. You can add SKUs as you evolve your practice and the scenarios you serve.
